

HANGING SIGNS

Deadline: December 11, 2019

NEW APPROVAL PROCESS

All hanging sign requests will be sent directly to Freeman for structural approval, then to NADA for final approval. Please be sure to send all paperwork to nadarigging@freemanco.com. Your hanging sign is not approved until it is signed off by both Freeman and NADA.

Hanging Signs: An exhibit component suspended above an exhibit of four or more standard units back to back with an aisle on at least three sides for the purpose of displaying graphics or identification.

Linear (in-line) booths may not have hanging signs as part of their display.

HEIGHT

Hanging identification signs and graphics will be permitted to a maximum height of 20' (from the floor to the top of the sign), provided written approval is received from NADA Show Management at least 30 days prior to the show; use the Hanging Sign Request Form.

Please note: Hanging sign requests will be taken on-site at an additional cost pending approval by show management.

DEPTH

All hanging signs must be set back ten feet (10') from adjacent booths.

SIZE

Hanging signs and graphics must be contained within the contracted booth space.

STRUCTURAL INTEGRITY

Hanging signs and graphics will be permitted to be hung from appropriate load-bearing points within the exhibit facility provided written approval is received from show management at least 30 days prior to the show. All hanging signs must have drawings available for inspection by NADA Show Management, the Las Vegas Convention Center, the exhibitor and governmental authority during the time the component is being hung, suspended and removed at the show site that include a signature or stamp of a reviewing structural engineer indicating that the structure is built in compliance with the details and specifications set forth on the drawings. **(Note: Exhibitors are encouraged to use lightweight materials in the construction of a hanging sign to eliminate excess stress to the facility ceiling structure.)**

Hanging Sign Request Form

DEADLINE: December 11, 2019

NADA Show 2020 | February 14-17, 2020
Las Vegas Convention Center | Las Vegas, NV

Hanging identification signs & graphics will be permitted to a **maximum height of 20'** (height must correspond to appropriate exhibit configurations). Linear (in-line) booths may not have hanging signs as part of their display.

Hanging sign request form WILL NOT be reviewed without ALL of the following information.

- Hanging sign request form
- Hanging sign labor form
- Structural integrity statement
- Hanging truss & chain hoist (if applicable)
- Design drawing/rendering—must include height, width, weight, and placement

If this form is not received by the December 11 deadline date, we cannot guarantee that your hanging sign will be approved for the show.

Please submit via email to nadarigging@freeman.com. Please allow 48 hours for a response from Freeman regarding your submission.

Once all information has been reviewed/approved Freeman will transfer the files to NADA for **FINAL** approval.
